My Aunt's health is deteriorating rapidly. I would like to just live here at least a year while I'm in search of property near her residence. She's just simply not always able to do simple tasks and sometimes even get out of bed. I need to be close to make sure she eats, gets her medicine, gets to Dr. Appointments, pay her bills, clean her house, do her laundry, ect. She doesn't have much room in her current house due to things she has gathered over the years and some of the medical equipment that is big & bulky takes up her spare bedroom and bathroom. I just want time to find ~~an~~^{land} place to be close enough that I can check on her a minimum of 3-4 times daily.

RE: Legal Determination Regarding Deliberations in Closed Session

Dear Commissioners,

On the agenda for Executive Session on June 6th is an item to deliberate business and financial issues related to purchasing or leasing real property in Precinct 1.

Section 551.072 of the Government Code authorizes a governmental body to deliberate the purchase, exchange, lease, or value of real property in executive session if deliberation in an open meeting would have a detrimental effect on the governmental body's negotiating position with respect to a third party.

Section 551.0725 of the Government Code authorizes a commissioners' court to deliberate in a closed session about business and financial issues related to contract negotiations if, before the closed session:

- (1) the commissioners court votes unanimously that deliberation in an open meeting would have a detrimental effect on the position of the commissioners court in negotiations with a third person; and
- (2) the attorney advising the commissioners court issues a written determination that deliberation in an open meeting would have a detrimental effect on the position of the commissioners court in negotiations with a third person.

Prior to entering Executive Session there will be a vote for members of the court to determine that deliberations in an open meeting would have a detrimental effect on the Court's negotiating position, in accordance with the 1st requirement above. This memorandum serves to fulfill the 2nd requirement. Discussing business and financial issues related to purchasing or leasing real property will naturally require discussing the County's current and future needs as it grows, alternatives for meeting those needs, and potential offers for negotiations. As your legal advisor, I have determined that these deliberations in an open meeting would have a detrimental effect on the position of Commissioners' Court in the negotiations. I am requesting that Commissioners' Court unanimously vote that deliberations in an open meeting would have a detrimental effect on the Court's position in negotiations, and that all such deliberations should take place in executive session. In keeping with our normal practice, I request that such deliberations in closed session be recorded, as required by Section 551.0725(b) of the Government Code.
